

Department of Music

The department of Music was established in 1979 with the opening of Gangneung University. The Master of Music (MM) program started in March, 2000.

The MM program provides ideal experience to students who perform professionally as well as to those who wish to pursue teaching careers in high education. This graduate program brings a good balance between the required coursework and the electives. The required courses are Music History, Music Theory, Music Seminar and Research. For electives, students can choose their areas of interests such as Applied Music.

Graduate students will not only broaden their knowledge in music studies, but they also will develop expertise in the field of practice as music professional. The MM program is an enriching, interdisciplinary platform on which students will be given opportunities to exchange creative ideas with their peers in the program.
