

Department of Dental Hygiene

The Graduate School of Dental Hygiene at Gangneung-Wonju University promotes educational education and educational skills, encourages lifelong learning and research activities, and contributes to the education, research, domestic and ecosystem health welfare of Chichi Biology.

[Goal of Education]

Those who have completed the education of the Department of Dental Hygiene and postgraduate courses work socially following critical thinking, positive attitude, service and spirit.

1. By developing research areas in clinical, health promotion, and humanities and sociology, we not only contribute to the academic establishment of dental hygiene, but also become a competent researcher.
2. By developing to become a competent educator and activist with the knowledge and skills required as a dental hygienist educator.
3. By developing to become a health professional with the knowledge and skills required as an activist in the community health promotion field.
